

HATCH

21

April 23rd to May 9th
Drive Thru Art Exhibition*

21

A disused industrial farm unit makes an unusual backdrop for an art exhibition, in the current climate of social distancing it makes the perfect venue for a drive through art event. Emerging from another lockdown, our second exhibition in this challenging space sees Hatch artists react in a celebration and exploration of the arrival of Spring with experimental installations, sculpture and painting.

You're welcome to join us for this private event, please contact us for a personal invitation.

Open each week Friday to Sunday from 11am to 4pm

For further details and booking please visit hatch-art.weebly.com

art workshops running during the event, details on our website

***(some Walk Thru options or out of hours appointments are available see website for details)**
